Bajaj Finance's stellar show on strong demand

Net profit rises 81% in Q1, with 35% growth in AUM and 46% rise in NII

SHREEPAD S AUTE & ADVAIT RAO
PALEPU

Mumbai, 19 July

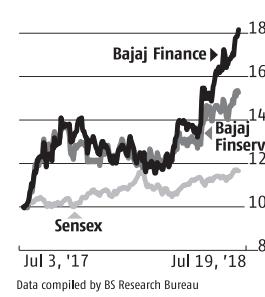

Bajaj Finance reported a sharp 81 per cent year-on-year growth in net profit for the June quarter (Q1). There was a 35 per cent year-on-year rise in assets under management (AUM; indicates loan book size) to ₹933 billion.

Rajeev Jain, managing director, says strong consumer demand during the quarter propelled AUM growth. The Street celebrated the sturdy show with the stock hitting an all-time high of ₹2,535.50, before closing at ₹2,517.6 (1.2 per cent up), even as the market was flat.

The faster growth was despite some headwinds in the form of volatile weather which impacted demand for con-

IN HIGH DEMAND

(Base=100)

Data compiled by BS Research Bureau

sumer durables such as air conditioners, coolers and refrigerators, Jain said.

The relatively minor share of such products in the overall AUM also helped ease any impact. With the company expected to clock strong growth and sustain its high

margins, analysts believe it lends support to the rich stock valuations.

All its business segments clocked strong growth, with their AUMs growing 27 per cent year-on-year. "Overall macro and rural demand was strong during the quarter, as partially reflected by our performance," Jain adds. Rural AUM, though small in size, increased the most, up 75 per cent. The share in overall AUM was seven per cent; it was six per cent a year before. The company expects improvement in rural and overall consumer demand to persist.

With impressive AUM growth, net interest income (NII), the gap between interest earned and expensed, soared 46 per cent. More, owing to significant operating leverage

(operating expense to NII plunged by 520 basis points to 37 per cent), operating profit rose by 60 per cent.

Though the net interest margin (NII divided by average interest-earning assets) remained flat at the year-before level, it remains impressive at 10-10.5 per cent. However, the MD cautioned that after the September quarter, margins could come under pressure with rising interest rates and an overall inflationary environment.

The management also expects its gross non-performing assets ratio, 1.4 per cent in Q1, to remain in the range of one to two per cent. And, the provision coverage ratio (69 per cent in Q1) to be around 70 per cent in FY19. The impact on account of switch to Ind-AS accounting norms is also likely to be wither.

In this backdrop, analysts remain bullish on the prospects. "New category and geographic expansion (250 branches are likely to be added in FY19), high cross-selling opportunity and rural business expansion will drive AUM growth. We expect Bajaj Finance to post over 30 per cent compounded annual growth in AUM over FY18 to FY20," says Vineeta Sharma, analyst at Narnolia Securities.

Bajaj Finserv net profit up 41%

BS REPORTER

Mumbai, 19 July

Bajaj Finserv, holding company of the Bajaj Group's financial services companies, had net profit growth of 41 per cent to ₹8.26 billion for the quarter ended June from the same period a year before.

Bajaj Allianz General Insurance's gross written premium grew 23 per cent to ₹24.3 billion. Underwriting profit increased significantly to nearly ₹1.3 billion, from ₹1.2 million in the same quarter of FY18. Net profit for the general insurer grew 37 per cent to ₹2.9 billion. The combined ratio improved to 90.2 per cent, from 95.8 per cent in the comparative period.

For the life insurance arm, new business premium in the quarter grew to ₹7.2 billion, as against ₹6.8 billion earlier. Group new business revenue grew to ₹4.25 billion, from ₹3.9 billion. Overall, premium revenue was ₹1.6 billion, up 18 per cent from the same quarter a year before.

S Sreenivasan, chief financial officer at Bajaj Finserv, said: "We are going to be a little cautious on crop insurance this year, as the conditions are a bit tight — reinsurers have reduced commissions and there have been price corrections. While retail health grows at 28 per cent, group health is not that profitable for us. We are consciously, in the life insurance business, trying to diversify our customer segments and balance our product mix. Today, 61 per cent of our business is Unit-linked, as compared to 70 per cent last year. Traditional protection products made up 39 per cent of our business this quarter."

No easing of liquidity problem for jewellers

DILIP KUMAR JHA

Mumbai, 19 July

The liquidity issue over the ₹5-trillion gems and jewellery industry continues, with lenders reluctant to issue working capital loans.

Industry sources allege banks have targeted the entire sector in this regard, especially small and medium enterprises. In the backdrop of some recent incidents, banks find the normal collateral for loans to be insufficient in case of a default.

Sectoral sources say banks are seeking 200 per cent collateral for a working capital loan, with 100 per cent in the form of actual mortgage and the rest in the form of stock under their custody. As a result, it is alleged, a number of small jewellers are on the verge of closure.

"This sector has had the least exposure on bad loans and non-performing assets but is being victimised for the misdeeds of one or two entities. If this issue is not addressed at the earliest, a number of jewellers would curtail their business, resulting in huge unemployment," said Nitin Khandelwal, chairman of the All India Gems & Jewellery Domestic Council.

The much-reported default of Gitanjali Gems and Nirav Modi, overdue payments of ₹125 billion, has led to a tightening of lending

norms. Also, a handful of rough diamond importers have been caught by the department of revenue intelligence for alleged manipulation in valuation of import consignments.

A delegation of jewellers had met Piyush Goyal, the officiating finance minister, twice in the past two weeks to get his intervention.

"Banks have asked jewellers to either bring more collateral to back existing borrowings or reduce their loan book in a time-bound manner. As a result, the sector is witnessing large reduction in fund flow. More, there are instances when companies have reduced exposure and yet the bankers are not providing. To reject a loan proposal, the lenders seek unusual compliances," alleged Khandelwal.

The gems and jewellery sector contributes seven per cent of India's gross domestic product and 13 per cent of the country's total merchandise export. With employment of over a million, the sector is an unusual combination of large corporates and small family jewellers, often engaging uneducated youth across the value chain.

"Survival of many jewellers is at risk today. Heading towards closure, many have reduced their operations during the past few months," said Ashok Minawala, partner at Danabhai Jewellers here.

Sebi asks MCX why trading stopped 5 times in 2 months

RAJESH BHAVANI

Mumbai, 19 July

The Multi Commodity Exchange (MCX) has said it has resolved the technical fault that halted its trading five times in the past two months.

The exchange said, "The MCX has implemented a solution that will prevent this."

Following technical glitches, the Securities and Exchange Board of India (Sebi) had asked the exchange to take steps to correct the situation. The MCX senior management met Sebi and appraised the regulator of the solution working for the last 48 hours, said the source.

There were also reports of Sebi launching an independent audit of MCX technology but this could not be confirmed. Sources said so far no such move had happened.

Sources said the problem was on account of issues in synchronisation of hardware and the operating system. "The MCX and its vendors — for software, hardware and the operating system — have carried out detailed analysis of the log records and observed that the incident occurred due to a low-level TCP (transmission control protocol) packet transmission issue."

The issue has caused concern because the halts occurred when market was volatile, which is favourable to traders.

However, sources said the matter was hardware-related and there was a glitch.

Financial Technologies (now 63 Moon Technologies) has provided the software.

NOTICE OF THE 23RD ANNUAL GENERAL MEETING (AGM) AND REMOTE E-VOTING INFORMATION

Notice is hereby given that the Twenty-Third AGM of the Members of the Company will be held on Monday, 13th August, 2018 at 4.00 P.M. at M.C.Ghia Hall, Bhogilal Hargovindas Building, 18/20, Kaikhushru Dubash Marg (Behind Prince of Wales Museum), Mumbai - 400 001 to transact business as set out in the Notice of AGM dated 3rd July, 2018. The Notice of the AGM along with proxy form, attendance slip, e-voting communication and Annual Report together with Audited Financial Statements (both Standalone and Consolidated) for the financial year ended 31st March, 2018 have been dispatched to all the Members at their registered address in the permitted mode and electronically to those Members who have registered their email address with the Company/Depository Participant(s) as on July 6, 2018. The same is available on the website of the Company at www.sonata-software.com and also available on the website of Karyv Computershare Private Limited ("Karyv") at www.evoting.karyv.com. The dispatch of Notice of AGM has been completed on July 19, 2018.

Remote E-Voting

It may please be noted that the business to be transacted at the AGM will also be transacted electronically through e-voting services provided by Karyv. Members are requested to refer to Annexure II of the Notice of AGM dated July 3, 2018 regarding the process and manner of e-voting.

The remote e-voting shall commence from 09.00 a.m. (IST) on Friday, 10th August, 2018 upto 5.00 p.m. (IST) on Sunday, 12th August, 2018. During this period, members may cast their vote electronically. The e-voting module shall be disabled by Karyv thereafter. The voting rights of members shall be in proportion to the equity shares held by them as on Monday, 6th August, 2018 (cut-off date). Any person who is a Member of the Company on the cut-off date is eligible to cast vote on all resolutions set forth in the Notice to AGM.

The persons who have acquired shares and have become Members after the dispatch of Notice and holding shares as of the cut-off date, may obtain the login ID and password by sending a request at evoting@karyv.com.

The facility of voting through Poll will be provided at the AGM. Members attending the Meeting and who have not cast their vote earlier by remote e-voting shall be able to vote at the Meeting.

A Member may participate in the AGM even after exercising his right to vote through remote e-voting but shall not be allowed to vote again in the Meeting.

In case of queries relating to voting by electronic means, please refer to the Frequently Asked Questions (FAQs) and e-voting user manual for members available at <https://evoting.karyv.com> or contact Mr Anandan K. of Karyv at 040-6716-1591 or 1800 345 4001 (toll free), E-mail: anandan.k@karyv.com. In case of any grievances members may write to the Company Secretary at investor@sonata-software.com.

The Register of Members and Share Transfer Books of the Company will remain closed from Monday, 6th August, 2018 to Monday, 13th August, 2018 (both days inclusive) for determining the entitlement of the shareholders to the final dividend for the financial year 2017-18.

Details of Tender Document may be downloaded from www.wbtenders.gov.in or www.wbivd.gov.in or <a href="http://www
