Suryoday One Energy Private Limited, a Shapoorji Pallonji Group entity got merged with the Company in the year 2024, and after the merger 40 MW Solar Power Generation Plant became part of the Company as its Solar Division.

The manufacturing operations started in the year 1887 and have grown and modernized consistently over the decades to become one of India's leading vertically integrated textile unit offering wide range of yarn having single and multifold counts from 2s to 60s including Specialty yarn catering to Domestic and Export buyers. We have an excellent track record for the customer satisfaction by offering value added products and services.

HISTORY

Gokak Mills, erstwhile Gokak Textiles Ltd, was registered in the year 1885 by Ritche Stewart Ltd, under the name of Gokak Water Power and Manufacturing Company Limited (GWPCCL). On the 5th October 1887 the first power house was commissioned and with the help of 250 HP Pelton Wheel mechanical power was generated, which was transmitted to the extraordinary length of the line of transmission and speed attained by the huge pulley wheels were said to surpass only thing of its kind in the world at the time. The manufacturing units is spread across 968 Acres and 36 Guntas including afforestation.

The first mill began its operation in 1887 with 6000 spindles and by the year 1890; number of spindles were increased to 29525. The year 1913 marked a special event in the history of Asia with an operation of the first Hydro Power Generation by using turbine.

The company was registered in India as "Gokak Mills Limited" in the year 1919 . In 1973 Gokak Mills merged with Gokak Patel Volkart Limited and became division of Gokak Patel Volkart Limited.

In 1992 Gokak Patel Volkart merged with Forbes Campbell Ltd. and formed Forbes Gokak Limited.

A spin off of Gokak Mills was undertaken in 2007 that resulted in formation of Gokak Textiles Limited.
